

The office environment is ever changing, and one size doesn't necessarily fit all. Link is a desking system to adapt to the evolving workplace, catering to executive desking, hot desking and bench desking. The New Zealand made kit parts are designed to modify as required and offers fixed height, technician adjustable, user adjustable and electric systems. The Link components are 100% recyclable, available in a variety of custom sizes and carry the Environmental Choice Certification.
